????????????????
**COMMONLY ASKED
QUESTIONS**

**1. What if I have too much to
fit in the provided tub?**

*Please use as many containers as necessary
to get those recyclables on the curb. As long
as your products are separated into the proper
categories ... you may use as many
containers as you wish. Common extra
containers would be five gallon buckets, crates
or even trash cans.*

**2. Why were my items left
on the curb?**

*Two reasons for finding items left on the curb
are:*

- *Improperly separated items.*
- *Items left out to be collected that are not
recyclable.*
- *Newspapers are wet. Do not set out if
rain is expected.*

**Between regular pick-ups

Each family can request a tub if needed in which to place recycling products. Recycle tub must be placed where your weekly trash is now picked up, only every other week.

Please store your tub inside. Do not leave outside as it will deteriorate much faster and would create an eyesore in your neighborhood. You may request a new tub if ours has deteriorated.

Please place only the accepted listed materials in your bin. All unacceptable items will be left in your bin on the curb.

GLASS

Accepted: Food and beverage containers only. Remove all lids.

Not Accepted: Window glass, ceramics, light bulbs or glass cookware.

NEWSPAPERS
