

County Travel Status for 1/5/2025, 12:55 PM

NOTICE

Travel status information is provided by each county's emergency management agency. As counties initiate official travel advisories and notify the state, the map automatically updates

with that information. Local travel advisories may be issued by local governments according to Indiana Code 10-14-3-29.

For the most recent version of this map, please refresh or reload your browser.

- History of status changes
- INDOT Travel Information (road conditions, traffic and more)
- County emergency management agency contact information

Warning

The highest level of local travel advisory, means that travel may be restricted to emergency management workers only. During a "warning" local travel advisory, individuals are directed to:

- Refrain from all travel:
- Comply with necessary emergency measures;
- Cooperate with public officials and disaster services forces in executing emergency operations plans; and
- Obey and comply with the lawful directions of properly identified officers.

Additional exceptions to the warning travel advisory are found in Indiana Code 10-14-3-29.

Watch

Means that conditions are threatening to the safety of the public. During a "watch" local travel advisory, only essential travel, such as to and from work or in emergency situations, is recommended, and emergency action plans should be implemented by businesses, schools, government agencies and other organizations.

Advisory

The lowest level of local travel advisory, means that routine travel or activities may be restricted in areas because of a hazardous situation, and individuals should use caution or avoid those areas.

Normal Status
